

The Summary of Benefits and Coverage (SBC) document will help you choose a health **plan**. The SBC shows you how you and the **plan** would share the cost for covered health care services. **NOTE: Information about the cost of this **plan** (called the **premium**) will be provided separately.**

This is **only a summary**. For more information about your coverage, or to get a copy of the complete terms of coverage, including a copy of your plan's summary plan description, go to www.speiasc.org. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at www.cciio.cms.gov.

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$750 person / \$1,500 family for each network and non-network providers.	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care services , Prescription Drugs, Allergy testing, Durable Medical Equipment and certain Transplants are covered before you meet your deductible, if provided by a Network Provider.	This plan covers some items and services even if you haven't yet met the annual deductible amount, but a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the out-of-pocket limit for this plan ?	Network Medical: \$1,500 person / \$3,000 family; Non-Network Medical \$3,000 person / \$6,000 family. Prescription Out-of-Pocket Limit: \$5,650 person / \$11,300 family	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.bluecrossmnonline.com or call 1-800-810-2583 for help in locating a network provider.	This plan uses a network provider. You will pay less if you use a provider in the plan's network. You will pay more if you use an out-of-network provider , and you might receive a bill from the out-of-network provider for the difference between the provider's charge and what your plan pays (a balance bill). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). For out-of-network charges, the Plan's Allowed Amount is set at the lesser of the amount billed or 175% of Medicare Like Rates. Check with your provider before you get services.
Do you need a referral to see a specialist ?	No. you don't need a referral to see a specialist	You can see the specialist you choose without permission from this plan.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this [plan](#) might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your [providers](#) charge, and many other factors. Focus on the [cost sharing](#) amounts ([deductibles](#), [copayments](#) and [coinsurance](#)) and [excluded services](#) under the [plan](#). Use this information to compare the portion of costs you might pay under different health [plans](#). Please note these coverage examples are based on self-only coverage.

Note: The "Peg is Having a Baby" Example assumes mother and child each have separate Medical/Pharmacy cost-sharing and OOP limits. The Example assumes Peg gave birth to one child with limited pharmacy. The Diabetes Example assumes that Joe is receiving some medical care, but mostly pharmacy benefits, implicating medical OOP and pharmacy OOP. The Simple Fracture Example assumes only medical care occurred with no pharmacy, so the care is capped by the medical OOP. THESE ARE EXAMPLES ONLY; YOUR FACT SITUATION MAY BE DIFFERENT.
