Instructions to Pension Applicants

Proof of Age

In order to be eligible for retirement benefits, you must furnish proof of your age. The following list shows the type of documents that may serve as proof of your age. Some of the documents are better proof than others. This list is arranged starting with the best type of proof and continues down to the less desirable types of documents.

You are required to furnish the best type of proof that is available. It is recognized that, in certain instances, a birth certificate may not be available, particularly for those who were born outside of the United States. In such cases, you should secure the best type of proof. Additional proof may be requested if the document you submit is not convincing proof.

Photostat copies of the document may be submitted. Note: Naturalization Papers, United States Passports and Immigration Papers may not be photostatted. If any of these is the only proof you have of your age, submit the original and it will be returned to you.

1. A birth certificate
2. A baptismal certificate or a statement as to the date of birth shown by a church record certified by the custodian of such record.
3. Notification of registration of birth in a public registry of vital statistics
4. Hospital birth record, certified by custodian of such record
5. A foreign church or government record
6. A signed statement by a physician or midwife who was in attendance at birth, as to the date of birth shown on their records.
7. Naturalization record
8. Immigration papers
9. Military record
10. Passport
11. School record, certified by the custodian of such record
12. Vaccination record, certified by the custodian of such record
13. An insurance policy that has been in force at least ten years and shows the age or date of birth
14. Marriage records showing date of birth (application for marriage license or church record, certified by the custodian of such record, or marriage certificate)
15. Other evidence such as signed statement from persons who have knowledge of the date of birth, voting records, poll-tax receipts, etc.
